To preach the gospel in the regions beyond you...

Spring 2022 Newsletter

Dear Church Family,

In March I made a trip to a Hispanic country and had some trouble going in, but once I was on the other side it was without incident. I had a great time, although I was sick and had to take it easy. I was alone, so it was up to me to do the preaching; and the Lord allowed me to preach several times. Sunday morning's service was in a church in town, and I will never forget that day. There were about 250 people attending, and I knew the Lord was working. I was expecting people to come forward, but was not expecting what actually happened. I even sensed the Lord was calling someone to preach, though that was not my emphasis in the message. After the service, four young men in their twenties came up to the preacher who is one of my team. Two of the young men were weeping, and all four of them surrendered to preach! A young lady was also weeping and said she wanted to surrender to whatever the Lord wanted her to do in her life. Wow! What can you say? The Lord moved in a great way!

I am also writing with much sadness to tell you some bad news. My wife Debbie has breast cancer. She has been having some pain for several months, so she had a mammogram and an ultrasound. There was an area of concern, so they did a biopsy and confirmed that it was stage one breast cancer. They also did an MRI to get more information. The doctor was very optimistic since it is in an early stage and has not spread. She will be having a small lumpectomy on June 1st, followed up with radiation for about four weeks. We are thankful that it is in the early stages. We covet your prayers at this time.

(Most of you have already seen much of this sent in prior emails, but I wanted to send it again prior to the surgery date.)

The Caeble Family,
1 Samuel 12:24
